

# Library Policies

## **RESPECT YOURSELF, RESPECT OTHERS, RESPECT THE SPACE**

- The computers are primarily for educational and research purposes. UT Arlington students, faculty, and staff have priority.
- Quiet conversation is fine, but please respect the need of others for a quiet and orderly place to study by keeping noise levels low.
- Personal listening devices such as iPods, cell phones, and your laptop should be adjusted so that others are not disturbed.
- When using cell phones, be considerate of those around you and keep your conversations short and your voice lowered.
- Food and Drinks with lids are allowed in the Library. Please be mindful to recycle and dispose of any trash in the appropriate bins provided.
